

# Assessments

Abilities, Inc. is a leading Voc Rehab provider of pre-employment assessments. These assessments will help us by connecting employment decisions to business results. Following the rigorous standards of industrial-organizational psychology, the assessment content accurately predicts on-the-job performance and supports fair hiring practices. These solutions help identify consumers for proper employer referrals to streamline hiring, reduce recruiting and training costs.

These assessments will give us the power to identify and select the most talented candidates, based on industry standards.
